Failure to comply with this will result in an automatic F grade being given for the concerned course.

   However, students whose reason for absenteeism continues at the end of the above indicated deadline, must apply to the Department
with official certification indicating the continuation of the reason for absenteeism. The Department Chair will then take the issue to the Faculty Academic Council where a decision will be taken on the period for the completion of the “I” grade.

An “I” grade is not taken into account in the computation of the Grade Point average (GPA) or Cumulative Grade Point Average (CGPA).

(4) “W” Withdrawal from a Course
The grade “W” is given to students who were allowed to withdraw (Article 12(2)). This can be done between the 3rd and 11th weeks of the semester, counting from the starting date for the courses. The “W” grade is shown on the transcript of the student.

Examinations and Success in Undergraduate Studies and Two Year Programs

21. (1) In every academic semester, a minimum of 1 and a maximum of 3 midterm and a final examination are given to students in each course. Quizzes are excluded from this limitation.

(2) At the beginning of each semester, the course instructor prepares a course outline indicating the topics to be covered during the semester together with project or laboratory/workshop topics where applicable. The number of examinations and their weights will be included. Copies of the course outline must be given to the department and the students at the beginning of the semester.

(3) When laboratory/workshop projects are listed in the course outline, these must be completed satisfactorily for the student to pass the course. i.e. these are necessary but not sufficient conditions for passing.

(5) No midterm examinations can be administered in the final week of the semester.

(6) The examinations of each course are prepared and evaluated by the course instructor. In multi-group courses coordination between the Instructors is essential.

(7) The semester grade of a course should be recorded according to Article 18 of these regulations.

Success in Undergraduate Studies and Two Year Programs

22. Performance of a student in a semester is computed according to the following principals.

(1) Performance of a student is computed based on a Grade Point Average (GPA) calculation method for each semester. Credit received from a course is found by multiplying the credit hours by the coefficient corresponding to the grade received. The GPA is then found by dividing the sum of the credits received from all courses registered during the semester by the total credit hours of the same courses.

Cumulative Grade Point Average (CGPA) is computed by dividing the total credits received from all courses the student has completed since joining the program by the sum of the credit hours of these courses. In cases when a course is repeated, the last grade is
included in the GPA and CGPA computations. In all average computations the letter grades given under Article 18(1) are used. Averages should be computed up to 2 decimals after the decimal point.

(2) A student is considered successful at the end of a semester, if the GPA is at least 2.00 out of 4.00. Students registered to the normal course load of a program in a department and scores a GPA between 3.00 and 3.49 is designated an 'Honor', if the GPA is between 3.50 and 4.00 is designated a 'High Honor'.

(3) “Academic term” refers to the actual registered position of a student in semesters within the department’s published program of study. The academic term determines the relevant CGPA limit listed in the next paragraph. The academic term of a student is determined by the Department or School taking into account all courses registered and the academic records of the student.

(4) The criteria stated in Articles  22(6), 22 (7), 22 (9), 22(10) and 22(11) of these Regulations are applied to those students who are enrolled in a 4 year diploma program and whose CGPA’s are below the limits specified below.

At the end of the first year or the second academic term 1.15
At the end of third academic term 1.35
At the end of fourth academic term 1.55
At the end of fifth academic term 1.70
At the end of sixth academic term 1.80
At the end of seventh academic term 1.90

(5) The criteria stated in Articles 22(6), 22 (7), 22 (9), 22(10) and 22(11) of these Regulations are applied to those students who are enrolled in 2 year diploma programs and whose CGPA’s are below the limits specified below.

At the end of the first year or the second academic term 1.30
At the end of third academic term 1.65

(6) Students enrolled in a 4 year program whose CGPA’s are below the limits specified in Article 22(4), and students enrolled in 2 year programs and whose CGPA’s are below the limits specified in Article 22(5) are given an ‘Academic Warning’.

(7) Taking into consideration the opinion of the Student’s Advisor, one of the following options is offered to students who have received an academic warning

 a) With the decision of the Department or School Council, the student will be transferred to another program, subject to the availability of student places (contingencies). Within this framework, transfer from a two-year program to a four-year program is not possible.

 b) “Continuing in their currently registered program”. Students who opt to stay in the same program following an Academic Warning are obliged to repeat failed courses
before registering to new courses. In the Faculty of Law, such students can be allowed to register up to 3 new courses, in other programs up to 2 new courses, if the number of failed courses offered can not make up the normal semester load. However, if courses registered and failed with F, NG or D- are offered no new course can be registered to.

(c) A student, who opts to remain in the same program following the first “Warning” but fails to score the expected cumulative average (CGPA), will receive the “2nd Warning”. If such students wish to continue in the same program, in the Faculty of Law they will only be allowed to register in one new course, in all other programs they will not be allowed to register in a new course in the following semester. Provisions of Articles 22(4) and 22(5) will apply to such students. During registration, these students must register in the courses from which they received the grades: F, D- or NG. If necessary to reach the required CGPA, they must also register in courses with grades D, D+ or C-.

(d) “Final Academic Warning” is given to a student who fails to meet the expected cumulative average (CGPA) limits for three consecutive semesters. Provisions of Article 22(7) apply to such students.

(8) Provisions of Articles 22(4) or 22(5) apply to transfer students starting from the semester in which they are transferred.

(9) Students to whom the provisions of the Articles 22(6) and 22(7) apply are on “Probation” until they improve their CGPA to the required limits. Students who received a “Final Warning” will be dismissed from the program if they fail to achieve the required CGPA in the semester following the “Final Warning”. Undergraduate Students of the Music Department can be dismissed from the program if they fail specified courses. A By-law defining the conditions under which a student will be dismissed from the program will be prepared and come into effect following its approval by the Senate.

(10) Students subject to the provisions of Article 22(9) must transfer to another program in the University subject to the decision of the concerned Faculty of School Council and subject to the availability of contingencies. Students dismissed from a 2 year program can not transfer to a 4 year program. Students who can not transfer to another program or have already used their right of transfer as stated under Article 22(7) are dismissed from the University.

24. The general rules and principals to be followed in examinations will be covered by the “By-law for Evaluation of Student Performance” to be made under this article by the Senate.

25. (1) If the course to be repeated is an elective and not offered during the semester or is dropped from the syllabus, other courses recommended by the department can be substituted.

(2) Any course taken before may be taken again for the purpose of improving a student’s general average (CGPA). The grade received from such courses at the end of the semester will replace the previous grade, but the previous grade will continue to appear in the transcript. Repeating a course for this purpose can only be proposed by the Academic Advisor after careful examination of the student’s transcript and finally authorized only with the approval of the Department Chair.

26. A student has the right to appeal against the mark received from any course.

(1) Any appeal must be made to the Instructor of the Course within one week following the announcement of the marks. (This letter must explain why the student believes the disputed mark is unfair). The Department Chair will form a committee to examine and decide on the application within one week of its formation. (After consultation with the instructor concerned) The decision of the committee is final.
